

September 14, 2007

Parents,

Thank you for your support and participation in your child's education. In order for you to access your child's grade book in Progressbook, you need a username and password. Many of you may have remembered these and are already checking online. For those who have forgotten or who have never used Progressbook, you will see a label or labels attached to this letter giving you the username and password for each of the children you have in school. If you have linked accounts (multiple students on a single login name), you may notice that you have more labels than children. All accounts associated with your family are included below.

If you have never used Progressbook you will find a Parent's User manual on the school district Web page. The Parents page is located at <http://web.ml.noacsc.org/parent.php>. The Link to Progressbook Parent Access is along the leftmost column and the user guide is in the text included within the center of the page.

I want to strongly encourage you to add your email address to the account that you use. Thank you for your support and I trust we are all looking forward to a great school year.

Sincerely

Denny Mumaw
Technology Coordinator
Miller City – New Cleveland School
